Location and logistics for travel

Glion campus is our international flagship, offering a world-class practical learning environment in an iconic location overlooking Lake Geneva and the Montreux Riviera.

Campus address:

- Courtesy shuttles are available from outside the Grand Hôtel Suisse-Majestic (opposite Montreux train station) to Glion campus, and from Glion campus to Montreux train station. Please sign up for this service when registering online.
- If you are arriving in your own car, you are welcome to park in the visitor spaces located in front of the main campus entrance.

*If you register your interest in the Master's in International Hospitality Business, we will contact you in advance of your taster day to find out if you'd like us to arrange a special visit to our Bulle campus (where this Master's is taught) in advance of joining the session in Glion-sur-Montreux. The two campuses are around 30 minutes apart by road.

Registration

Please note that registration is required, and it closes five days before each event. Due to the limited number of spaces available, a maximum of three guests per party can attend (1 candidate + 2 family members).

Our student ambassadors, education counselors, and faculty members will be your guides for the day and will be happy to answer your questions. We very much look forward to seeing you on campus.

Please don't hesitate to contact us if you have any questions.
